

LORENZO GRANDI
President, Finance, Infrastructure and Services
Chief Financial Officer
STMicroelectronics

Lorenzo Grandi is STMicroelectronics' President, Finance, Infrastructure and Services, and Chief Financial Officer (CFO), and has held this position since May 31st, 2018. Grandi's overall responsibilities at ST encompass, in addition to Finance and Business Control, Capital Investment Control and Planning, Global Procurement, Information and Communication Technology, and Investor Relations. He is a member of ST's Executive Committee since May 31st, 2018.

Grandi joined SGS-THOMSON Microelectronics (now STMicroelectronics) in 1987 as a R&D process engineer. In 1990, he moved to ST's Memory Product Group (MPG) as Financial Analyst. In 1995, Grandi was promoted to the position of Group Controller of the Memory Product Group contributing to the expansion of ST's flash memory business. In 2005, Grandi joined the ST's Corporate Finance organization taking responsibility for Budgeting and Reporting. In 2012, Grandi was promoted to Corporate Vice President in charge of Corporate Control.

Lorenzo Grandi was born in Sondrio, Italy, in 1961. He graduated cum laude in Physics from the University of Modena, Italy, and holds a MBA from SDA Bocconi School of Management in Milan, Italy.
