

SPC5Studio release notes

SPC5Studio releases scheme

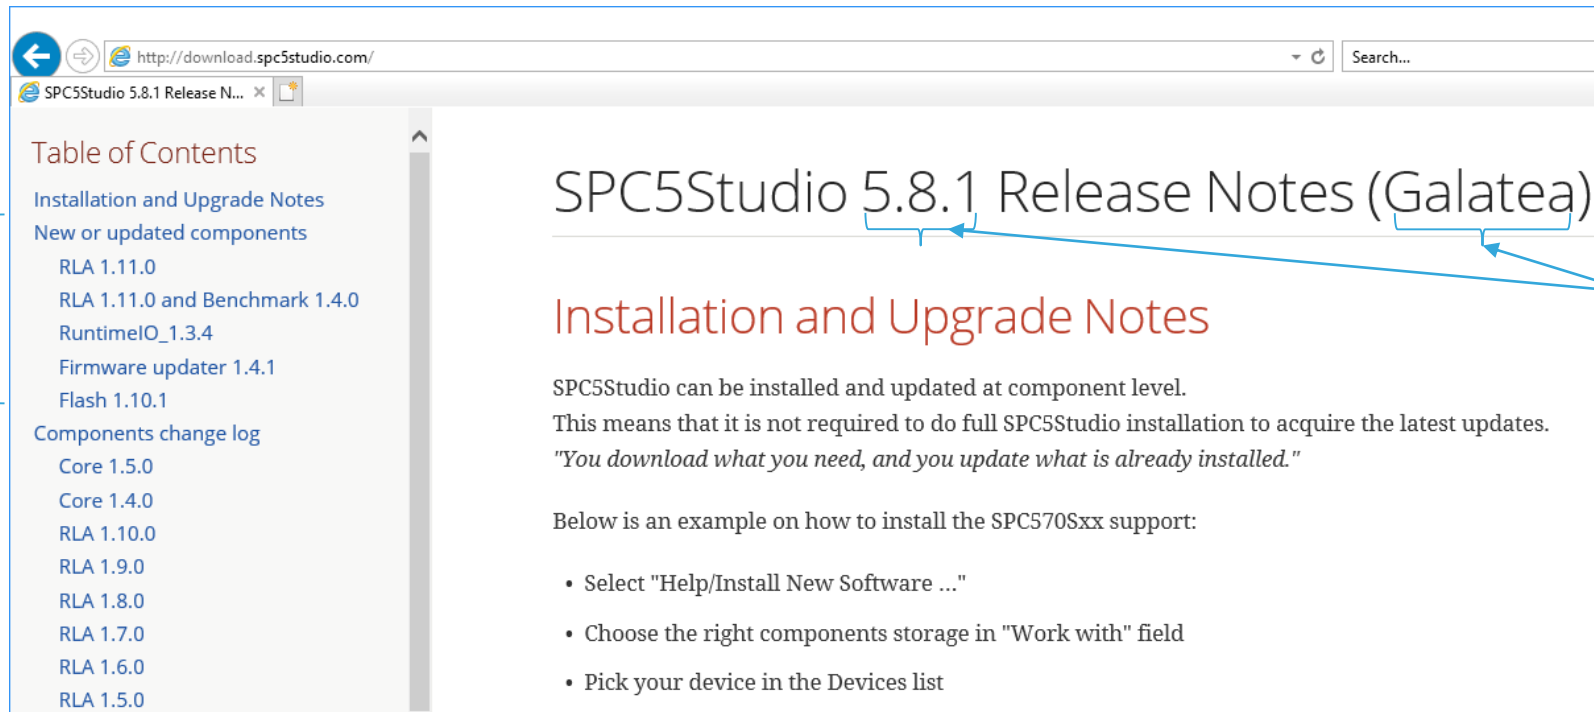

- Releases are identified by a sequence of digits followed by a name:
X.Y.Z-<Name> (for example 5.8.1-Electra)
Digits identify the core part of SPC5Studio and evolve on a yearly basis
Names belong to a domain (like astronomy), and evolve on a monthly basis

The releases timeline is as below:

SPC5Studio release notes

- The release notes are available at the following URL: <http://download.spc5studio.com/>
