

ALEXANDRE BALMEFREZOL
Executive Vice President
Imaging Sub-Group General Manager
Analog, MEMS and Sensors Group
STMicroelectronics

Alexandre Balmeffrezol is Executive Vice President and General Manager of the Imaging sub-group within ST's Analog, MEMS and Sensors Group and has held this position since January 2023.

Balmeffrezol started his professional career as Product Design Engineer at ST in 1997. He held various positions in product design developing ST's expertise and leadership in power-management ICs for mobile phones. In 2009, Balmeffrezol joined ST-Ericsson, serving in different roles in product and business management. He was appointed Fellow in mixed-signal IC design and became head of ST-Ericsson's Analog & Mixed Signal group. In 2013, Balmeffrezol returned to ST as a design manager and was subsequently promoted to lead system and product design for Time-of-Flight and global-shutter sensors at ST's Imaging division.

Alexandre Balmeffrezol was born in Millau, France, in 1974. He graduated with a degree in Electronic Engineering from the Institute of Engineering Sciences of Montpellier (ISIM) in 1997 and earned a master's degree in Management Technology & Innovation from Grenoble Ecole of Management in 2011.
