

Serial EEPROM product finder for Android™ and iOS

Features

- Parametric guided search
- Part number search capability
- Main product features discovery
- Datasheet download and off-line consulting
- Product features sharing via e-mail or social media
- Samples ordering of the selected product
- Language selection on home screen

Description

ST-EEPROM-FINDER is the fastest and smartest way to explore STMicroelectronics Serial EEPROM portfolio using a smartphone or a tablet.

The parametric search engine allows the user to rapidly identify the serial EEPROM that best fits its application.

The main features of the selected device are displayed in tables, and are easily shared by e-mail or social media. Technical documentation (including product datasheets and application notes) can be downloaded easily.

Thanks to ST-EEPROM-FINDER samples can be ordered at STMicroelectronics distribution partners with few clicks or taps.
