- Access all features of ST25 Tags thanks to ST25PC NFC software
- Dynamic power output (DPO)
- Analog configuration of the ST25R3916

Description

STSW-ST25R010 contains the ST25R3916 Discovery graphical user interface (GUI) to control the ST25R3916-DISCO board from a Windows® PC.

This firmware features a USB controlled mode, enabled by the User button. In this mode the GUI allows the user to evaluate the features of the ST25R3916, and helps in the development of an NFC universal device or any other NFC application based on it.

STSW-ST25R010 is available for free download from www.st.com.
